Education

Hillcrest High School

Sept 2024 -Present

Software & Hardware Engineering

Health Science And Software Engineering

<https://www.hillcrestweb.com>

Student Of Hillcrest High School

Projects

Square Chat

January 12, 2025 - Present

Square Chat is a sleek and modern web chat

<https://github.com/Rapter001/square-chat>

Square Chat is a sleek and modern web chat application designed for simplicity and efficiency.

Game Server Permission File Generator

April 15, 2025 - Present

Game Server Permission File Generator is a Python-based tool designed to simplify the process of managing operator permissions

<https://github.com/Rapter001/minecraft-server-ops.json-generator>

Game Server Permission File Generator is a Python-based tool designed to simplify the process of managing operator permissions for your Minecraft server. With this app, you can easily generate and manage the ops.json file, ensuring your server operators have the correct permissions.

Room Booking System

March 4, 2025 - Present

Teachers can book labs, classrooms, or projectors online instead of using paper sheets.

The Room Booking System is a web app that lets teachers easily reserve classrooms and labs online, preventing double bookings and keeping schedules organized.

Volunteering

Jamaica Community Partnership

2024

Youth Advisory Board Member

Jamaica, NY

<https://www.risingground.org/jamaica-community-partnership>

Youth Advisory Board Leader with Jamaica Community Partnership, guiding youth in community projects and sharing vital information to support residents and local businesses.
